We are proud with [Nicolas Douay](#) and [Henri NGO](#) to be a small participant alongside [Better Angle](#) in [AMI - Advanced Machine Intelligence](#).

We share the vision and are happy to contribute in our own humble way. As a micro-fund, we were fortunate to participate and help bring more exposure to the project. We're confident in the trajectory and the potential for a strong binary outcome. This is what Europe is about—let's do it !

Led by [Yann LeCun](#), alongside [Alex LeBrun](#), [Laurent Solly](#), [Pascale Fung](#), [Saining Xie](#), and [Michael Rabbat](#), the team brings together exceptional scientific and entrepreneurial talent!

Congratulations to the entire AMI Labs team and to all the investors supporting this vision, including [Cathay Innovation](#), [NVIDIA](#), [Temasek](#), [Alpha Intelligence Capital](#), [Bezos Expeditions](#), [Founders Future](#), [HV Capital](#), [Eric Schmidt](#), [daphni](#), [20VC](#) ([Julien Codorniou](#) 🍷), [AGLAÉ VENTURES](#), [Greycroft](#), [Hiro Capital](#), [Xavier Niel](#), [Mark Cuban](#), [Drysdale Ventures](#), and many others.

Guillaume Simonaire and 96 others
