● THE TEAM

## Yann LeCun

Founder & Chairman

*Turing award winner; world renowned AI scientist*

## Alex LeBrun

CEO

*Serial AI entrepreneur;  
CI-backed at Nabla*

● THE VISION

# AI Systems that Understand the Real World.

**LLMS Predict Patterns.**  
They don't understand  
the world.

*Predicts next pixels*

**World Models learn  
cause & effect from  
reality.**

*Predicts a glass falling*

When AI moves beyond screens, it doesn't  
just optimize — it creates abundance.

● PARTNER PERSPECTIVE

*We've backed Alex Lebrun from the early days at Nabla, so when we first discussed AMI Labs, it was a conversation between partners.*

*The company brings together proven execution and unmatched scientific vision. Rooted in Europe, built global from day one — exactly what this next phase of AI needs.*

● ZOOM OUT

# The Next AI Paradigm is Being Built Global from Europe.

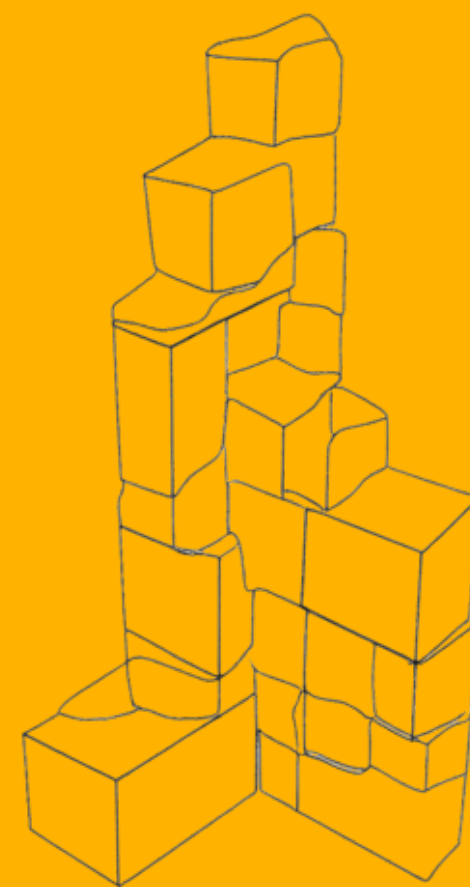

●  
*The post-LLM era  
is about physical  
intelligence over  
text prediction.*

●  
*AI that adapts,  
not just  
remembers.*
