France Invest

Member

September 2023 - Present (2 years 7 months)

France Invest is a professional organisation bringing together nearly 400 French management companies and some 180 consulting firms.

France Invest resolutely promotes their work in supporting unlisted companies and their central role in a vibrant economy. France Invest's members enable institutional and private investors to support developing businesses or to finance infrastructure that improves the lives of French people.

As a forum for discussion, reflection and the promotion of best practices within the financial ecosystem, France Invest especially supports the initiatives of its members and those of the businesses they assist in favour of job creation and the transition to more sustainable and fairer growth.

--

Commissions we are engaged in:

- Impact Commission

In a few words:

The France Invest Impact Commission was created in 2012. It today brings together 56 management companies which have in common the support of entrepreneurial projects generating a positive impact on the environment and on society, but also a financial return. Impact Commission companies invest in more than 2,000 companies. And manage around €12.41 billion, twice as much as 1 year ago.

<https://www.franceinvest.eu/club/commission-impact/>

Missions of the Commission:

The Commission regularly brings together its members to discuss issues encountered by stakeholders in impact investing, which has become a real market.

Impact Investing players support entrepreneurial adventures to generate both financial and social performance.

The Commission supports its members in facing the challenges:

- Regulatory (bill on the Social and Solidarity Economy)
- Financing (launch of dedicated funds)
- Good practices (impact measurements, carried, etc.)

(Matchathon) Startup Manager & VC Relations

May 2020 - May 2020 (1 month)

#EUvsVirus Matchathon - 22 to 28 May

During the two weeks after the award ceremony, the financing and resource needs of the winning teams to develop and scale their ideas, as well as the financing and resources that partners are willing to dedicate, will be collated.

From 22 to 25 May, a Matchathon event will take place to match the needs with available resources. Winning solutions have been invited to join an EIC COVID Platform to facilitate connections with end users, such as hospitals, and provide access to investors, foundations and other funding opportunities from across the EU.

EIC COVID Platform

The EIC COVID Platform – to be launched at the end of May - will be a European-level community platform to connect winning teams and companies with innovative solutions with those in need of such solutions, such as public authorities, hospitals, public bodies, foundations, as well as investors. To facilitate this, there will be a marketplace mechanism to match between the potential solutions, the needs, and where relevant, investors and funders.

(Hackathon) National Curator & Juror

April 2020 - May 2020 (2 months)

The Pan-European hackathon #EUvsVirus is a joint event between the European Commission and the most plugged-in and nationally connected digital ecosystem actors from all over Europe. It builds upon already conducted national hackathons and their solutions. The organizers of the national hackathons related to coronavirus are the partners of the EU Commission on the pan-European hackathon.

Hack The Crisis France <> The Global Hack

The Global Hack is a global initiative which unites the Hack the Crisis movement and the 50+ hackathons put up in the frames of this movement. The core initiative comes from the team who organised the very first hackathon just in 6 hours on 13-15 of March in Estonia and are passionate about solving the huge ongoing crisis that concerns everyone at the moment (the people are from Garage48, Accelerate Estonia, Gaaana). BUT this is truly a global effort and movement involving communities and organizers from all over the world.

Supporting institutions include European Commission, UNDP, Foundry Group, Y Combinator, Garage48, Techstars, New America, and many more.

Hack the Crisis France

Co-Founder / Organizer

March 2020 - May 2020 (3 months)

France

Hack the Crisis is a global movement present in 50+ countries.

Each country is putting together an online hackathon to offer solutions on how to use tech for crisis response and deal with the post-crisis era. The objective: moving from an idea to building a prototype in 48 hours, that will contribute to the common good.

Our team (Genius + Les Etudiants de la Tech) are hosting the French edition to take place (virtually) April 17-19.

Supporting institutions include European Commission, France Digitale, Station F, The Family, Enactus, La French Tech, Tech for Good France, and many more.
