Alexandre Rousseau

If they don't get it, they won't buy it. We fix that. | Founder of the leading marketing agency and consulting firm specialized in complex and technical topics | Investor & Business Angel
Greater Paris Metropolitan Region

Summary

Experienced B2B marketing leader in deep tech (AI, quantum computing, engineering software).

My role sits at the intersection of technology, product, and growth, transforming deep scientific innovation into clear, high-impact market value.

Proven track record in building marketing strategies from scratch, leading go-to-market initiatives, and creating technical content that drives engagement and qualified pipeline.

Adept at working across product, R&D, and sales to deliver campaigns that connect innovation to market value.

Always eager to learn and grow, I developed my expertise at , one of the world's leading software companies, and continue to expand it at , a pioneer in quantum computing.

I thrive on optimizing and innovating, continuously improving processes and testing new ideas. My test-and-learn mindset allows me to refine my knowledge, adapt quickly, and drive both personal and professional growth.

Interested in: Product Marketing, Technical Marketing, Demand Generation, Lead Generation, Growth Marketing, Performance Marketing, Digital Marketing, Acquisition, and related fields.

Artificial Intelligence (AI), Generative AI (GenAI), Large Language Models (LLM), Deep Learning (DL), Machine Learning (ML), Inference, AI training, Quantum Computing, Software, SaaS, HPC, Hardware (GPU, CPU, QPU), microprocessor, supercomputing, HPC, Deep Tech, Robotics, Automation

Building marketing from scratch for a leading deep tech company

#2 marketing team member hired at Pasqal

Translate complex quantum technology topics into clear business value propositions

Contributed to strategic initiatives related to the Series C and the preparation for the company's IPO.

Work closely with R&D, product, and sales teams

TECHNICAL CONTENT & 360 CAMPAIGNS

- Created 5+ integrated campaigns on strategic deep tech topics (FTQC, Quantum Advantage, Analog & Digital, Quantum Reservoir Computing, PICs, etc.) in close collaboration with R&D
- Supervise creation of 15+ high-impact content (white papers, ebook, case studies, etc.)
- Balanced clarity, scientific accuracy, and business relevance
- Partner with scientific and sales teams to shape product-centric campaigns (QCaaS, Cloud, Software, On-premise quantum computer, elearning platform, community)
- Supported GTM definition (cloud entry points, packaging, PoCs)

USE CASES, SUCCESS STORIES & ABM

- Identified and validated use cases across multiple verticals for quantum technology
- Created 9+ success stories with industry leaders and research partners
- Worked with key accounts including BMW, Thales, Capgemini, Aramco, CMA CGM, and others
- Collaboration with Sales on account-based marketing and industry-specific content

GROWTH, ACQUISITION & DEMAND GENERATION

- Own digital strategy: acquisition, lead nurturing, channel performance
- Designed multi-channel campaigns, customer journeys and industry-specific nurturing paths.

BRAND MARKETING

- Led the full brand refresh and website redesign, shaping Pasqal's new identity
- Defined and deployed Pasqal's marketing stack from scratch
