Connect ... **United Founders** invests in **AMI - Advanced Machine Intelligence**

Some startups build products.

Some startups build platforms.

And once in a while, a company tries to build a new layer of intelligence for the world.

We're proud to share that **United Founders** is investing in **AMI - Advanced Machine Intelligence**, which just announced a \$1B seed round.

Founded by **Yann LeCun** and **Alex LeBrun**, AMI brings together one of the most extraordinary teams assembled in AI.

But what makes this company truly fascinating is what they are trying to build.
